### **Fifth Annual National Children's Parliament Successfully Concludes at the National Assembly**

**Friday, 14<sup>th</sup> November 2025** - The 5th Annual National Children's Parliament successfully concluded today at the National Assembly, George Price Centre, marking another significant milestone in Belize's commitment to empowering young voices and promoting civic education.

Held in the chambers of the National Assembly, this year's Parliament brought together child Area Representatives and Senators from across the country to participate in a day simulation of Belize's legislative process. The event provided an inspiring platform for children to express their views on national issues and gain firsthand experience in parliamentary proceedings.

A key highlight of the day was the mock debate on the Adolescent Preventive Health Protection Bill, 2025. The House of Representatives opened the session with a robust and thoughtful debate before approving the Bill. The Senate then convened, with young Senators continuing the discourse and demonstrating exceptional insight, leadership, and confidence.

The event concluded with an uplifting Award Ceremony, honoring the dedication, preparation, and participation of every child parliamentarian. Each participant received a Participation Plaque, and Special Recognition Plaques were presented to outstanding child Parliamentarians who excelled in public speaking, leadership, and engagement throughout the proceedings.

The National Children's Parliament remains a transformative initiative, nurturing the next generation of leaders and reaffirming the importance of including youth perspectives in national development.
